

Quanta UltraLight

Multi-Platform Laser (KTP · Nd:YAG · IPL · Plasma Frax · Carbon) · Pre & Post-Treatment Care

PRE & POST-TREATMENT CARE

PRE-TREATMENT INSTRUCTIONS

Quanta UltraLight combines KTP, Nd:YAG, IPL, Plasma Frax, and Carbon Facial (NATURA PEEL) modalities. Instructions apply to all modes unless otherwise noted.

SKINCARE PREPARATION

- Discontinue **retinoids** (tretinoin, retinol) 5–7 days before treatment.
- Discontinue **AHA/BHA exfoliants** 5–7 days before treatment.
- Do not use any **self-tanner or bleaching creams** for 2 weeks prior.
- **Arrive with clean, makeup-free skin** — no creams, serums, SPF, or any product on the face.
- For **KTP / IPL**: avoid waxing or depilatory creams on the treatment area for 1 week prior.

IMPORTANT — HAIR ON THE TREATMENT AREA (PLASMA FRAX)

- For **Plasma Frax mode**: it is *recommended* that vellus hair (peach fuzz) be removed from the treatment area beforehand. Your provider will assess and can arrange prep in-clinic.
- Do **not** wax, thread, or use depilatory creams on the area within 5 days prior.

SUN & LIFESTYLE

- Avoid **direct sun exposure and tanning beds** for 2–4 weeks prior.
- Darker skin tones (Fitzpatrick IV–VI): your physician will use **Noon DermShield-validated settings** appropriate for your skin type — please disclose your Fitzpatrick type.
- If you have a history of **cold sores (HSV)** and are having Plasma Frax: antiviral prophylaxis will be prescribed.
- Avoid **isotretinoin (Accutane)** within 6 months of treatment.

DAY OF TREATMENT

- **Arrive with clean, makeup-free skin** — no SPF, serums, oils, or any product on the face.
- Topical anaesthetic may be applied in-clinic for Plasma Frax — arrive 30–45 minutes early if advised.
- For **Carbon Facial (NATURA PEEL)**: a carbon lotion will be applied in-clinic — no prep needed.
- Protective goggles are worn by both patient and provider throughout the session.

POST-TREATMENT INSTRUCTIONS

Quanta UltraLight

Multi-Platform Laser (KTP · Nd:YAG · IPL · Plasma Frax · Carbon) · Pre & Post-Treatment Care

PRE & POST-TREATMENT CARE

KTP / IPL / Nd:YAG Modes

Day 0 — Immediately After Treatment

- **Hale Derma Cleanser** (or your own gentle fragrance-free non-foaming cleanser) — used in-clinic at end of treatment.
- **Epicutis Lipid Serum + HYVIA Crème** (or your own fragrance-free hydrating serum and barrier moisturiser) applied before leaving the clinic.
- **Epicutis Lipid Recovery Mask** (or your own fragrance-free barrier mask) if significant redness or heat is present.

Days 1–3

- Apply **Epicutis Lipid Serum + HYVIA Crème** (or your own fragrance-free hydrating serum and barrier moisturiser) 2× daily.
- Apply **broad-spectrum SPF 50+** every morning — reapply if outdoors.
- Avoid heat and friction for **48–72 hours**.
- Do not pick or peel — especially after Nd:YAG / NATURA PEEL Carbon Facial.
- **Pigmentation may appear darker** before it lifts — this is expected and normal.

Day 3+

- Reintroduce **Noon concern-specific serums** (or your own concern-appropriate actives) gradually.
- Continue SPF daily — non-negotiable for pigmentation patients.

Plasma Frax / Eyelid Mode

Day 0 — Immediately After Treatment

- **Hale Derma Cleanser** (or your own gentle fragrance-free non-foaming cleanser) — used in-clinic at end of treatment.
- **Epicutis Lipid Recovery Mask** (or your own fragrance-free occlusive barrier mask) applied in-clinic.
- **Epicutis Lipid Serum + HYVIA Crème** (or your own fragrance-free hydrating serum and thick barrier cream) applied before leaving.

Days 1–7

- Apply **Epicutis full recovery protocol** up to 4× daily: Hale Derma Cleanser (or gentle non-foaming cleanser) → **Epicutis Lipid Serum** (or fragrance-free hydrating serum) → **HYVIA Crème** (or fragrance-free barrier moisturiser) → **Epicutis Lipid Recovery Mask** (or occlusive barrier mask).
- **Crusting and grid marks** are expected for 5–7 days — do not pick.
- Longer avoidance of actives than standard laser — follow physician guidance.
- SPF as soon as re-epithelialization is complete.

GENERAL RULES — ALL MODES

Quanta UltraLight

Multi-Platform Laser (KTP · Nd:YAG · IPL · Plasma Frax · Carbon) · Pre & Post-Treatment Care

PRE & POST-TREATMENT CARE

- No makeup for **24–48 hours** (longer for Plasma Frax).
- Avoid heat — saunas, hot yoga, steam — for **48–72 hours**.
- No swimming for **3–5 days** depending on mode.
- Avoid vigorous exercise for **48 hours**.
- Call us immediately if you develop blistering, significant swelling, or signs of infection.

Session spacing varies by mode — your provider will advise. Contact us anytime at aesthetics@treasuryhealth.ca
