RF Microneedling (SmartRF · DeepRF · ExactRF) · Pre & Post-Treatment Care

PRE & POST-TREATMENT CARE

PRE-TREATMENT INSTRUCTIONS

VirtueRF delivers radiofrequency energy through microneedles to remodel collagen and tighten skin on the face, neck, and body. Proper preparation protects the skin barrier and maximises results.

SKINCARE PREPARATION

- The **Noon Pre-Procedure Program (Gear Up Kit)** (or your own gentle fragrance-free prep routine) is recommended 10–14 days prior — not required, but optimises outcomes.
- Discontinue **retinoids** (tretinoin, retinol), **AHAs, BHAs, and vitamin C** 5–7 days before treatment.
- Do not use any **self-tanner or sunless bronzer** for 2 weeks prior.
- **Arrive with clean, makeup-free skin** — no creams, serums, SPF, or any product on the face.

SUN & LIFESTYLE

- Avoid **direct sun exposure and tanning beds** for 2 weeks prior.
- If you have a history of **cold sores (HSV)**, antiviral medication will be prescribed — begin as directed.
- Avoid **Accutane (isotretinoin)** within 6 months of treatment.
- Avoid **blood thinners and supplements** (fish oil, vitamin E, aspirin unless prescribed) 5–7 days prior.

DAY OF TREATMENT

- Arrive 30–45 minutes early — **topical anaesthetic (EMLA)** is applied in-clinic and requires time to work.
- Avoid caffeine if you are sensitive.
- Wear comfortable, loose clothing. Avoid tight collars if treating the neck.
- Arrange transport if you are sensitive to anaesthetic or anticipate significant redness.

MEDICAL HISTORY — PLEASE INFORM US IF YOU HAVE:

- Active skin infection, open sores, or rash in the treatment area.
- History of keloid or hypertrophic scarring.
- Pregnancy or breastfeeding.
- Pacemaker or implanted electronic devices (contraindicated).
- Recent laser or RF treatment — minimum 6-week gap required.

POST-TREATMENT INSTRUCTIONS

Your skin has been micro-channelled and needs barrier-first recovery. No actives until the skin is fully healed.

Day 0 — Immediately After Treatment

- **Hale Derma Cleanser** (or your own gentle fragrance-free non-foaming cleanser) — used in-clinic at end of treatment.
- **Epicutis Lipid Recovery Mask** (or your own fragrance-free occlusive barrier mask) — zone-matched (face, neck, or eyes) — applied in-clinic.
- **Epicutis Lipid Serum + HYVIA Crème** (or your own fragrance-free hydrating serum and barrier moisturiser) applied before leaving the clinic.
- **Epicutis Hydrobiome Mist** (or your own fragrance-free hydrating mist) for cooling and comfort as needed.

Days 1–3

- Barrier protection and soothing **ONLY** — no actives of any kind.
- Cleanse gently with **Hale Derma Cleanser** (or your own gentle fragrance-free non-foaming cleanser).
- Apply **Epicutis Lipid Serum + HYVIA Crème** (or your own fragrance-free hydrating serum and barrier moisturiser) 2× daily.
- Apply **broad-spectrum SPF 50+** every morning — reapply every 2 hours if outdoors.

VirtueRF

RF Microneedling (SmartRF · DeepRF · ExactRF) · Pre & Post-Treatment Care

PRE & POST-TREATMENT CARE

- Continue **Epicutis Hydrobiome Mist** *(or your own fragrance-free mist)* as needed for comfort.

Days 3–5

- Continue Epicutis system; may add **Noon Igloo Moist** *(or your own lightweight fragrance-free hydrating cream)* for added hydration.
- Continue gentle cleansing and SPF daily.

Day 5+

- Gradual reintroduction of Noon actives — start gentle: **Halo-Ronic Serum** *(or your own hyaluronic acid serum)*, **HydroCalming + Vit Complex** *(or your own calming antioxidant serum)*.
- The **Noon Accelerate Kit** *(or your own concern-appropriate active skincare)* is *recommended* post-treatment to support results.

Week 2+

- Return to your full Noon protocol appropriate to your skin concern.
- Next VirtueRF session: **4–6 weeks** after this treatment — never sooner.
- Minimum **6 weeks** between VirtueRF and any laser treatment.

GENERAL RULES

- No makeup for **24–48 hours**.
- Avoid heat — saunas, hot yoga, steam rooms, very hot showers — for **72 hours**.
- No swimming in chlorinated water for **5 days**.
- Sleep on a clean pillowcase; elevated head position recommended for the first 2 nights.
- Avoid vigorous exercise for **48 hours**.
- Call us immediately if you develop blistering, significant swelling, or signs of infection.

VirtueRF sessions are spaced **4–6 weeks** apart. Contact us anytime at aesthetics@treasuryhealth.ca
